INTRODUCTION

The 2022 INNODLE becomes possible with the support from various institutions including, the Bank Mandiri, Gramedia Group, Bank BRI, PT Telkom Indonesia, Accer and the following partners: BUKA Project European Union co-founded by Erasmus +; The Indonesian Association of Open and Distance Learning Professions (APJJI); The Moodle, EON Reality Singapore, and Microsoft Indonesia. The 2022 INNODEL is attended by presenters from various countries from Asia and Africa including India, Pakistan, Malaysia, Philippines, Nigeria and Indonesia.

The INNODEL promotes the dissemination of innovation in ODL to open the opportunities for making ODL more effective and inclusive. The INNODEL is created for serving the forum for educators, practitioners, policymakers, and educational technology providers to share their common interests. It is undeniable that ODL whatever the format will become a major tool for human capacity building due to its quality, flexibility, and interoperability to enable facilitating the new digital learning ecosystem.

The International Conference on Innovation in Open and Distance Learning has brought those intriguing issues in online learning and provides a forum of sharing, discussion, and consultation to nurture innovation in open and distance learning through the following topics:

1. Emerging Technologies in Education - EDUVERSE
2. E-content Management and Development
3. Technology in Teaching and Learning
4. Pedagogical Innovations
5. New Trends in Research and Innovation in ODL
6. University-Industry Cooperation for Lifelong Learning

The conference proceeding serves to collect the submitted paper that already been edited by the editoral team.

2022 INNODEL Chair,

Prof. Daryono, S.H., M.A., Ph.D.
